Thinking Different - Numbers 7:89

Welcome to Scriptures for Life with TorahFamily.org. Taking time to focus on the Father's way.

Num. 7:89 When Moses entered the Tent of Meeting to speak with YHWH, he heard the voice speaking to him from between the two cherubim above the atonement cover on the ark of the Testimony. And he spoke with him.

Every time I read this verse I can't help but think of the teaching I did titled "The Image of the Beast." In that teaching I show how the ark of the covenant could very well be what is used for the image of the beast. Remember, the end times will be all about deception. And since the ark of the covenant had the voice of YHWH coming from it, the ark could be used to deceive the masses in the end times with a voice coming from it again. Only this time it won't be the voice of YHWH.

Though I know many struggle with that, we have to at least be open to different thoughts. When the end times do indeed start, I believe they may play out completely different from what we've all been taught.

Let this be a focus in your time of meditation throughout the day. Until next time, shalom!
