8th month - Day one starts sundown of October 15

9th month - Day one starts sundown of November 13

10th month - Day one starts sundown of December 13

11th month - Day one starts sundown of January 11

12th month - Day one starts sundown of February 10

Non-commanded days:

- *Purim* - Begins at sundown, Sunday, Mar. 5, 2023
- *Hanukkah* - Begins at sundown, Thursday, December 7, 2023

How to calculate the calendar.

- 1) A year begins at the first new moon **after** the vernal equinox.
- 2) A month starts at the sundown **after** the lunar conjunction.
